

Transition Support Payment 2019

The Department of Children and Youth Affairs (DCYA) has a budget of €2m for allocation as a Transition Support Payment to Early Learning and Care and School-Age Childcare Services who enter into a contract for the new National Childcare Scheme.

The Transition Support Payment is being provided to support Early Learning and Care Services to meet the administrative requirements associated with transitioning to a new scheme and, in particular, the parallel requirements of legacy schemes and the National Childcare Scheme (NCS) within the first year. It includes supporting Services for the time spent familiarising themselves with the new National Childcare Scheme, ensuring that they will be able to meet and comply with all requirements.

Please refer to the **important notes below**, regarding services who hold an ECCE contract and have only ECCE children registered.

Funding will be allocated based on the overall number of applications and across payment categories depending on the number of actively registered children. The bands will be

Payment Categories	No. of actively registered children on 13 th May 2019
Category A	1- 20
Category B	21- 40
Category C	41- 60
Category D	61- 80
Category E	81- 100
Category F	Over 100

***IMPORTANT NOTES:**

1. Services will be organised into payment categories depending on their active registrations on the specified date. Payments will be calculated based on the available fund and the total number of applications received, with a defined payment amount assigned to each payment category.
2. Services who do not currently hold a contract with the DCYA for the delivery of the targeted childcare programmes and who enter into a contract to deliver the National Childcare Scheme will be eligible for a Category A payment.
3. Early Learning and Care services who (a) hold an ECCE contract only or (b) have only ECCE children registered on 13th May 2019 will be eligible for a Category A payment.

The basis for the calculation of the number of actively registered children is the number of individual children recorded on the PIP system at 10am on the 13th May 2019 for the service. The DCYA Programmes used for this calculation are as follows:

- Community Childcare Subvention Programme (CCS)
- Community Childcare Subvention Programme Plus (CCSP)
